

April 2, 2020

A message from Chief Executive Officer, Matt Olin.

Dear Valued Guests,

The San Carlos Apache Tribal Gaming Enterprise remains committed to protecting the safety, health and welfare of our Team Members and our Guests. We take serious, the preventative measures put into place by Tribal Leadership, healthcare professionals, and other government directives and guidelines implemented to stop the spread of the COVID-19.

As of today we have decided to postpone the scheduled April 3, 2020 re-opening of our Casinos: Apache Gold and Apache Sky; until further notice.

Once a re-opening date has been confirmed, we will notify you, our valued guests.

The Cutter Convenience Store will remain open to provide the public with items such as gasoline and groceries with limited hours.

We appreciate and value your loyalty to the San Carlos Apache Tribe Gaming Enterprise. We will pray for your safety and good health.

As we all get past these trying times, we look forward to seeing each and every one of you on Reopening Day.
